${ }^{1}$ Economic Benefits Generated by Home Sales and Purchases Over MLS® Systems Across Canada

Buying and selling homes generates fees to professionals such as lawyers, appraisers, real estate agents, surveyors, etc. Home buyers typically also buy new appliances or furnishings and renovate their new home to meet their specific household needs.

Spin-off spending on these services and goods averaged $\$ 88,966$ per transaction from 2020 to 2022 in Ontario.

Employment resulting from home sales is also significant. Resale housing activity created an estimated 106,565 jobs annually in Ontario from 2020 to 2022.
